As cores desempenham um papel fundamental na valorização da beleza da madeira maciça. Elas têm o poder de realçar a textura, a personalidade da madeira de maneiras únicas. Desde tons mais quentes que evocam uma sensação de aconchego e elegância até cores mais escuras que adicionam uma aura de sofisticação e contraste marcante, a escolha da cor é a chave para expressar a personalidade de cada peça de mobília ou espaço decorativo. Assim, a seleção cuidadosa das cores é um convite para explorar a versatilidade da madeira maciça e aprimorar sua presença de maneira impactante.

LINHA LUMBER

“Minimalismo que
busca praticidade”

A linha Lumber é assinada pelo Designer Emerson Borges, que buscou apresentar por meio de linhas retas e simples, a leveza e a transparência que o minimalismo inclui na decoração.

A funcionalidade e a simplicidade também foram priorizadas no desenvolvimento dessa linha, que deseja atender a atual geração que busca praticidade e sustentabilidade na decoração. Ou seja, uma mobília feita com poucos materiais, que ocupe pouco espaço, mas que tenham um design contemporâneo e agradável.
